## *A NOTE FROM THE CHIEF OF POLICE...*

The officers and staff of the Hanover Police Department work hard to provide for the well being and safety of all who live and work in our community. Their commitment and dedication to these responsibilities are exemplary.

The Citizens Police Academy will give residents of Hanover an opportunity to observe the day-to-day operations of the police department. The program will be a unique experience for residents to learn from Hanover Police Officers. Officers will conduct training in areas of their own expertise, allowing participants a practical view of policing and its complexity in these changing times.

It is my belief that participants will complete this program with a new and informed understanding of the law enforcement profession. Participants will not only be aware of the “how” but also come to understand the “why” of many police department functions.

It is my sincere hope that the participants as well as the Hanover Police Department benefit from the Hanover Police Department’s Citizen’s Police Academy.
